

TimeRITE™

Digital Calendarized Defrost Clock & Refrigeration Controller

Just imagine....*instead* of writing a check to the utility company, you can write a check to new teachers, school programs, or improvements for your school or district.

FEATURES:

- **TimeRITE™** is a unique specialized defrost clock that contains a 365-Day Clock Calendar which can be customized to your school schedule.
- **TimeRITE™** will turn your food services equipment; refrigerator, freezer, reach-in or walk-in into an **ENERGY & MONEY SAVER** machine by customizing your defrost operations by schedule, temperature AND pressure.
- Each school district's/university's application varies, however in all cases, savings begin immediately.
- ROI's can be returned to the institutions in as little as *3 months* after a **TimeRITE™** program is implemented.
